

Investment Overview

Experienced investors and operators transforming entrepreneurial companies

A strong performance across all funds

BelHealth Investment Partners is a healthcare private equity firm focused on lower middle market companies with a unique combination of investing, executive management and entrepreneurial experience. BelHealth acquires majority positions in entrepreneur-owned companies that it believes would benefit from its extensive operating and private equity investment expertise. BelHealth partners with executives and provides growth and expansion expertise both organically and through add-on acquisitions, capital to fund its investment strategy, and domain knowledge in targeted healthcare sectors. The firm typically invests \$20-50 million per platform company across three healthcare segments: Services, Products and Distribution. Collectively, the BelHealth Team, consisting of its investment professionals, Operating Partners and Advisory Board, has completed over 200 healthcare transactions, eclipsing several billion dollars in aggregate value.
