

Integrated Care Physicians Expands into Texas

** ICP expands into Texas with new hospital contract*

New York, New York – December 17, 2018 – Integrated Care Physicians, Inc. (“ICP” or the “Company”), a portfolio company of BelHealth Investment Partners, LLC (“BelHealth”), a New York-based healthcare private equity firm, today announced that the Company has expanded into the State of Texas. ICP provides Emergency Medicine and Acute Care management services via multiple hospital contracts in Florida, but this marks the first expansion into a new state. As such, the Company is excited about the momentum and plans to continue to aggressively pursue new contract opportunities in new geographies.

Dr. Todd Carlson, CEO of ICP, stated, “We are thrilled to establish a foothold in Texas. During my time at previous Emergency Room management businesses, Texas always represented an attractive market, and we intend to rapidly expand via new organic opportunities within the state. Now that the Company has a presence outside of the State of Florida, we plan to assess opportunities in multiple new states and hospital systems in order to achieve our goal of building ICP into a regional diversified platform with a physician-centric culture that provides clients customized service that does not exist in the current marketplace.”

Scott Lee, Managing Director of BelHealth and ICP Board Member, added, “We are proud of the growth that the Company has achieved to date in the State of Florida. In addition, our entrance into a large and attractive geography such as Texas is a tremendous accomplishment, and we are excited to capitalize on new organic opportunities within the state and hospital system.”

About Integrated Care Physicians

Established in conjunction with BelHealth in August 2017, Integrated Care Physicians is a leading provider of Emergency Medicine and Acute Care management formed with the intent to provide clients with personal and customized service that is sorely lacking in today’s marketplace. ICP provides expertise in operations and clinical integration for Emergency Medicine, Hospitalist and Critical Care. ICP has reprioritized the service offering with customized solutions tailored to the needs of each facility, including recruitment, credentialing and process flow redesign. The executive leadership team at Integrated Care Physicians set out to change the dynamic between hospitals and the groups with whom they choose to partner through complete transparency and the ability to quickly react and adapt to our client’s needs and culture.

About BelHealth Investment Partners

BelHealth Investment Partners, based in New York, is a healthcare private equity firm focused on lower middle market companies. BelHealth has a unique combination of investing, executive management and entrepreneurial experience. BelHealth acquires majority positions in entrepreneur-owned companies that it believes would benefit from its extensive operating and private equity investment expertise. The firm invests across three core healthcare segments: Services, Products and Distribution. BelHealth is investing from its current \$350 million fund.
